Action: Establish Two New Concentrations for the PhD in “Entomology and Wildlife Ecology”: One in Entomology and One in Wildlife Ecology

(Example: add major/minor/concentration, delete major/minor/concentration, revise major/minor/concentration, academic unit name change, request for permanent status, policy change, etc.)

Effective term 07F (use format 04F, 05W)

Current degree PhD (Example: BA, BACH, BACJ, HBA, EDD, MA, MBA, etc.)

Proposed change leads to the degree of: PhD (Example: BA, BACH, BACJ, HBA, EDD, MA, MBA, etc.)

Proposed name: Proposed new name for revised or new major / minor / concentration / academic unit (if applicable)

Revising or Deleting:

Undergraduate major / Concentration: (Example: Applied Music – Instrumental degree BMAS)

Undergraduate minor: (Example: African Studies, Business Administration, English, Leadership, etc.)

Graduate Program Policy statement change: Attached (Must attach your Graduate Program Policy Statement)

Graduate minor / concentration: Add New Entomology Concentration

Add New Wildlife Ecology Concentration

Note: all graduate studies proposals must include an electronic copy of the Graduate Program Policy Document, highlighting the changes made to the original policy document.

List new courses required for the new or revised curriculum. How do they support the
overall program objectives of the major/minor/concentrations)?
(Be aware that approval of the curriculum is dependent upon these courses successfully passing through the Course Challenge list. If there are no new courses enter "None")

None

Explain, when appropriate, how this new/revised curriculum supports the 10 goals of undergraduate education: [http://www.ugs.udel.edu/gened/](http://www.ugs.udel.edu/gened/)

N/A

Identify other units affected by the proposed changes:
(Attach permission from the affected units. If no other unit is affected, enter “None”)

None

Describe the rationale for the proposed program change(s):
(Explain your reasons for creating, revising, or deleting the curriculum or program.)

As reflected by the department name and the proposed new name for the PhD in Entomology and Wildlife Ecology, there are two fields of study in this unit, entomology and wildlife ecology. Consequently, we are proposing that two concentrations in the PhD program be designated to delineate these two fields of study.

Program Requirements:
(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be sure to indicate the changes being made to the current curriculum and include a side-by-side comparison of the credit distribution before and after the proposed change.)

New Text

Doctoral students in Entomology and Wildlife Ecology must complete the following courses or their equivalent for both concentrations, either before or during their program at Delaware:

Doctoral students entering the program with an M.S. must complete a total of at least 30 graduate credits. If any of the above course requirements are completed before starting the Ph.D. program, substitute courses counting toward the total minimum credits must be approved by the student’s graduate committee. Students entering with a B.S. must complete a total of at least 60 graduate credits while enrolled in the program. A maximum of 3 credits in ENWC 666, 668, 866, 868, and 9 credits of 969 can be applied to the doctoral degree.
