Dear Mckay,

Thank you for sending me the proposal for an Interdisciplinary minor in Environmental Humanities that you are submitting for approval to the University Faculty Senate. As chair of the Department of Anthropology, I am happy to enthusiastically endorse your proposal which provides students with an excellent opportunity to explore issues related to the environment from perspectives of the humanities. I think this is a minor that will be of interest to many contemporary students, including anthropology majors. We are pleased that you have chosen to include Anthropology 304 (Culture, Health and Environment) as an elective and hope that we will be able to contribute other appropriate courses over the next few years.

Sincerely,

A handwritten signature in blue ink that reads "Karen Rosenberg".
