

BUDGET STATEMENT

MA in Childhood Foreign Language Education, with 4+1 options:

BSEd in Elementary Education/MA in Childhood Foreign Language Education

BS in Early Childhood Education/MA in Childhood Foreign Language Education

As we indicate in our proposal, this new program will necessitate the creation of two new courses, one per semester: SPAN 665 (Reading Workshop) and 668 (Spanish and Latin American Children's Literature). However, offering these courses will not require further resources because they will be part of our existing faculty's normal teaching load.
