This proposal is to add a Climatology concentration to the PhD in Geography. These three proposals should not be considered separately. The proposal for renaming the PhD in Climatology to a PhD in Geography contains the complete rationale and new program description for the intended changes.

**Program Requirements:**

(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be sure to indicate the changes being made to the current curriculum and **include a side-by-side comparison** of the credit distribution before and after the proposed change.)

**Edited Catalog Description, showing changes:**

[Please see the proposal for renaming the PhD in Climatology to a PhD in Geography for an integrated catalog description that covers both the renamed major and the proposed concentrations.]
