February 14, 2013

Brian Ackerman, Ph.D.  
Undergraduate Programs Director  
Department of Psychology  
University of Delaware

Dear Dr. Ackerman

This letter is to indicate my approval of the proposed changes in the Bachelors of Science in Neuroscience curriculum that would impact the Department of Biological Sciences course requirements. These changes are minor and are actually made at our request. There will be no impact on the Department of Biological Sciences curriculum.

Thank you for bringing this to my attention and I look forward to continuing to work with the Department of Psychology in this format.

Best regards,

A handwritten signature in black ink that reads "Randall L. Duncan".

Professor and Chair
