September 25, 2009

The Department of Business Administration is pleased to support the proposed Healthcare Policy concentration for the MBA program, in collaboration with Thomas Jefferson University (TJU). The Department will offer some courses required for this concentration under the BUAD rubric. In fact, the Department is already offering an experimental course (BUAD467/667) in Spring 2010 called Healthcare Organization and Delivery. An affiliate of TJU is scheduled to teach this course, and we anticipate using a similar model for staffing other such healthcare courses. As appropriate, the Department will submit the proper webforms to make permanent the courses currently offered on an experimental basis.

Please feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Rick Andrews".

Dr. Rick L. Andrews
Chair and Professor of Marketing
Department of Business Administration
