Academic Program Approval

This form is a routing document for the approval of new and revised academic programs. Proposing department should complete this form. A checklist is available to assist in the preparation of a proposal. For more information, call the Faculty Senate Office at 831-2921.

Submitted by: Sue McNeil  phone number 320 832 6578

Department: Disaster Science and Management Program, School of Public Policy and Administration  email address smcneil@udel.edu

Date: September 21, 2012

Action: Revise Disaster Science and Management (DISA) MS Program

Effective term Fall, 2013 (13F)

Current degree MS in Disaster Science and Management

Proposed change leads to the degree of: No change

Proposed name: No change

Revising or Deleting:

Undergraduate major / Concentration: 

Undergraduate minor:

Graduate Program Policy statement change: MS in Disaster Science and Management (attached)

Graduate Program of Study: Revise MS in Disaster Science and Management

Graduate minor / concentration:

Note: all graduate studies proposals must include an electronic copy of the Graduate Program Policy Document, highlighting the changes made to the original policy document.
List new courses required for the new or revised curriculum. How do they support the overall program objectives of the major/minor/concentrations?)
(Be aware that approval of the curriculum is dependent upon these courses successfully passing through the Course Challenge list. If there are no new courses enter “None”)

A new core course, DISA 670 Issues in Disaster Response, is proposed for the MS program. This course substitutes for POSC 656 Politics of Disaster which is no longer taught due to a retirement. DISA 867 Practicum was changed to DISA 857 Practicum to be consistent with numbering systems used by other units. This change was made in the course approval process in 2010 but not updated in the program policy statement. UAPP 808 Qualitative Methods for Program Evaluation was substituted for EDUC 850 – Qualitative Research in Education as the UAPP 808 will now be taught on a regular basis and this is the more appropriate course.

Course number and name changes:

<table>
<thead>
<tr>
<th>Current</th>
<th>New</th>
</tr>
</thead>
<tbody>
<tr>
<td>DISA 651 International Aspects of Disasters</td>
<td>DISA 651 International Comparative Analysis of Disasters</td>
</tr>
<tr>
<td>DISA 867 Practicum</td>
<td>DISA 857 Practicum</td>
</tr>
<tr>
<td>UAPP 819 Management Decision Making</td>
<td>UAPP 698 Management Decision Making</td>
</tr>
<tr>

<td>GEOG 670 Geographic Information Systems</td>
</tr>
</tbody>
</table>

Courses that were no longer offered were eliminated have been deleted.

Supply support letter from the Library, Dean, and/or Department Chair if needed
(all new majors/minors will need a support letter from the appropriate administrator.)

No change.

Supply a resolution for all new majors/programs; name changes of colleges, departments, degrees; transfer of departments from one college to another; creation of new departments; requests for permanent status. See example of resolutions.

None

Explain, when appropriate, how this new/revised curriculum supports the 10 goals of undergraduate education: http://www.ugs.udel.edu/gened/

Not applicable

Identify other units affected by the proposed changes:
(Attach permission from the affected units. If no other unit is affected, enter “None”)

No other unit is affected.

Describe the rationale for the proposed program change(s):
(Explain your reasons for creating, revising, or deleting the curriculum or program.)

Changes in course numbering and names, elimination of course in other departments, and retirements and additions to the faculty necessitated the changes to courses. Changes in the GRE scoring necessitated the changes to admission criteria. The evaluation was added at the request of the graduate college. The program By-Laws were eliminated from the document and are now are stand alone document.
**Program Requirements:**
(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be sure to indicate the changes being made to the current curriculum and include a side-by-side comparison of the credit distribution before and after the proposed change.) See example of side by side.

**Old Requirement**

**REQUIREMENTS FOR ADMISSION**

Students will be admitted to the program based on enrollment availability and their ability to meet the following minimum recommended entrance requirements. Applicants to the MS program must have:

- Baccalaureate degree from an accredited college or university.
- A recommended GRE score of 1050 on math and verbal sections combined
- An undergraduate GPA of 3.0 or higher
- Written statement of goals and objectives (the personal statement) that clearly identifies the applicant’s research and curriculum interests and explains how admission to the program will facilitate his or her professional objectives.

Admission to the graduate program is competitive. Those who meet stated minimum requirements are not guaranteed admission, nor are those who fail to meet all of those requirements necessarily precluded from admission if they offer appropriate strengths.

**New Requirement**

**REQUIREMENTS FOR ADMISSION**

Students will be admitted to the program based on enrollment availability and their ability to meet the following minimum recommended entrance requirements. Applicants to the MS program must have:

- Baccalaureate degree from an accredited college or university.
- An undergraduate GPA of 3.0 or higher
- Written statement of goals and objectives (the personal statement) that clearly identifies the applicant’s research and curriculum interests and explains how admission to the program will facilitate his or her professional objectives.
- GRE scores in the sixty-fifth percentile or better for the verbal section and fiftieth percentile or better for the quantitative section, and a score of 4.0 or above on the analytical section are recommended.

Admission to the graduate program is competitive. Those who meet stated minimum requirements are not guaranteed admission, nor are those who fail to meet all of those requirements necessarily precluded from admission if they offer appropriate strengths.
REQUIREMENTS FOR THE DEGREE OF MASTER OF SCIENCE IN DISASTER SCIENCE AND MANAGEMENT

Students are required to work with their advisor during their first semester of study and develop a plan of study. The Master of Science in Disaster Science and Management requires 30 credits. The non-thesis option requires 24 credits of graduate level coursework, at least 3 semesters of seminar (DISA 680 Disaster Science and Management Seminar) (taken at least 2 semesters at 1 credit per semester and 1 semester as a listener), and 4 credits of practicum. The thesis option includes 21 credits of graduate level courses, at least 4 semesters of seminar (DISA 680 Disaster Science and Management Seminar) (taken at least 2 semesters at 1 credit per semester and 1 semester as a listener), 1 credit of practicum, and 6 credits of thesis.

The coursework credits are specified in the student's plan of study and must include:

<table>
<thead>
<tr>
<th>Core courses</th>
<th>9 Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>DISA 650 Introduction to Disasters/Historical Aspects of disasters</td>
<td>3</td>
</tr>
<tr>
<td>POSC 656 The Politics of Disaster/Public Policy Aspects of Disasters</td>
<td>3</td>
</tr>
<tr>
<td>DISA 651 International Comparative Analysis of Disasters/Development/Comparative Analysis</td>
<td>3</td>
</tr>
</tbody>
</table>

**Research/Methods/Analysis Courses**

**Non-Thesis Option**

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
