Fax: 302/831-6398

September 17, 2007

Professor Michael Keefe
Department of Mechanical Engineering
University of Delaware
Newark, DE 19716

Dear Professor Keefe:

Thank you for consulting my office regarding your proposal to add a new science elective to the requirements for the B.S. degree in Mechanical Engineering. The College of Arts and Sciences recognizes the importance of a broad education in the basic sciences and supports your proposed change. Since the students from your program will be able to satisfy this elective by choosing from a wide variety of existing courses, we do not foresee any difficulties in accommodating the change in enrollment.

Sincerely,

A handwritten signature in cursive script, appearing to read "Thomas Apple".

Thomas Apple
Dean
