Professor Jacobson,

You have our department's permission to include COMM330 as an elective in the proposed new undergraduate public health minor.

Subject: Proposed Public Health Minor

Dear Dr. Perse:

I am writing to ask your approval for including **COMM330: Communication and Interpersonal Behavior** as electives in a proposed new undergraduate public health minor. Attached is the latest draft description of the proposed minor.

I'm co-chairing a faculty committee that Dan Rich created last year to develop a new undergraduate public health program. We have worked closely with Dean GameI-McCormick and Dean Matt (the new dean of Health Sciences). We also have discussed the minor with Dean Watson. Additionally, we have consulted with faculty from Thomas Jefferson University's School of Population Health. The deans and Jefferson colleagues have been very supportive of the new minor.

Please let me know if you have any questions or would like additional information.

-Eric
