Eric,

You have our approval to include the following five LEAD courses in the undergraduate public health minor.

LEAD100: Leadership, Integrity and Change
LEAD101: Global Context for Leadership
LEAD200: The Leadership Challenge
LEAD300: Leadership, Creativity, and Innovation
LEAD400: Leadership for the Common Good

We look forward to working with the students!!

Hi Audrey,

I am writing to ask your approval for including five LEAD courses as electives in a proposed new undergraduate public health minor. Attached is the latest draft description of the minor.

Courses

LEAD100: Leadership, Integrity and Change
LEAD101: Global Context for Leadership
LEAD200: The Leadership Challenge
LEAD300: Leadership, Creativity, and Innovation
LEAD400: Leadership for the Common Good

As you know, I'm co-chairing a faculty committee that Dan Rich created last year to develop a new undergraduate public health program. We have worked closely with Dean Game-McCormick and Dean Matt (the new dean of Health Sciences). We also have discussed the minor with Dean Watson. Additionally, we have consulted with faculty from Thomas Jefferson University's School of Population Health. The deans and Jefferson colleagues have been very supportive of the new minor.

Please let me know if you have any questions or would like additional information.
