List new courses required for the new or revised curriculum. How do they support the overall program objectives of the major/minor/concentrations)?
(Be aware that approval of the curriculum is dependent upon these courses successfully passing through

the Course Challenge list. If there are no new courses enter "None")

Explain, when appropriate, how this new/revised curriculum supports the 10 goals of undergraduate education: <http://www.ugs.udel.edu/gened/>

Identify other units affected by the proposed changes:

(Attach permission from the affected units. If no other unit is affected, enter "None")

No other units are impacted as the Leisure Services Management minor has primarily been taken by Health Behavior Science majors.

Describe the rationale for the proposed program change(s):

(Explain your reasons for creating, revising, or deleting the curriculum or program.)

Originally the Health Behavior Science Program had two concentration areas: Fitness Management or Leisure. The number of students in Leisure Services declined when Sports Management was developed as a major. The program was changed to eliminate concentrations and require a minor in 2009. Since the inception of Leisure Services Management Minor in 2009, there has been a slow decline in interest in the minor. It appears that the students are now taking other minors that have been recently developed (i.e. public health, disabilities minor). The Health Behavior Science faculty members have met and it was a unanimous decision to eliminate the minor.

Program Requirements:

(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be sure to indicate the changes being made to the current curriculum and **include a side-by-side comparison** of the credit distribution before and after the proposed change.)
