Section 3: Conduct of Academic Programs

3.1 Instructional Program Policies

3.1.6 Course Scheduling, Cancellation and Assignments

The University's Academic Calendar in fall and spring semesters will normally contain a ~~minimum of 68~~ instructional days followed by a final examination period of at least 6 days. In years when the holiday calendar makes this impracticable, the length of the semester may be reduced to a minimum of 65 days. The Registrar's Office will make all reasonable efforts to maximize the number of instructional days.
